## COPPER AND GOLD

WESTERN COPPER AND GOLD CORPORATION (TSX:WRN | NYSE-AMERICAN:WRN) is developing the world-class Casino Project, Canada's premier copper-gold Mine. With the recent announcement of Rio Tinto's strategic investment in Western, the Company is focused on aggressively advancing the project and seeking out acquisition opportunities.

### POSITION SUMMARY

Western Copper and Gold Corporation ("WRN") is looking for a seasoned mining operations executive to fill the role of **CHIEF OPERATIONS OFFICER** ("COO"). Reporting directly to the CEO and working closely with Senior Management and the Board of Directors, the COO will be responsible for overseeing the day-to-day operations and functions of the Company, as well as the further development of the Company's strategic vision.

The ideal candidate will have experience in open-pit mining, with significant exposure to copper, gold and metallurgical processes as well as experience at a senior executive position. Remuneration will be commensurate with experience and background, and will include a base salary, stock options, restricted stock units and eligibility for an annual bonus.

The COO will be based at the Company's corporate headquarters in Vancouver, BC, with frequent travel to Yukon.

### KEY RESPONSIBILITIES

- Direct and manage the full operations of the Casino Project including exploration, engineering, and permitting.
- Ensure compliance with all environmental, health and safety regulations and associated permits
- Represent the company with government, community, First Nation and industry stakeholders
- Contribute to the corporate strategic plan
- Achieve the corporation's goals within budget and on schedule
- Identify and evaluate potential project acquisition opportunities consistent with the corporate strategic plan, and assist in negotiations for the acquisition of such opportunities
- Supervise and direct external consultants and contractors

### QUALIFICATIONS AND EXPERIENCE

- Strong management and leadership skills with a demonstrable track record of accomplishments
- Demonstrate superior knowledge and experience in developing and implementing strategic plans, management policies, strategies and systems

- Excellent interpersonal, communication and consultative skills with the ability to interact with Management, employees, and all stakeholders
- Strong financial acumen including development and management of budgets and schedules
- Superior communication skills, competent at representing the project to management, the financial community and other key stakeholders
- Have proven experience in leading the development of a mining projects from feasibility stage through design and construction and into operations.
