MANAGEMENT INFORMATION CIRCULAR

(As at May 6, 2022, except as indicated)

Western Copper and Gold Corporation (“**Western**” or the “**Company**”) is providing this management information circular (the “**Information Circular**”) and a form of proxy in connection with management’s solicitation of proxies for use at the annual general meeting (the “**Meeting**”) of shareholders of the Company to be held on June 27, 2022 and at any adjournments or postponements thereof. Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

Unless otherwise stated, all dollar amounts referenced herein are expressed in Canadian dollars.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder’s behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or directors of the Company (the “**Management Proxyholders**”).

A shareholder has the right to appoint a person other than a Management Proxyholder to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person’s name in the blank space provided in the form of proxy or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders as of May 6, 2022 or duly appointed proxyholders are permitted to vote at the Meeting. Common shares of the Company (the “**Common Shares**”) represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Investor Services Inc. ("**Computershare**"), Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, using the methods set out in the form of proxy, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of Common Shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the Common Shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the Common Shares; bank, trust company, trustee or administrator of self-administered RRSPs, RRIFs, RESPs and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "**Nominee**"). If you purchased your Common Shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular, the form of proxy and a notice (the "**Notice-and-Access Notification**") in the form required under the notice-and-access regime adopted by the Canadian Securities Administrators (see "Notice-and-Access" below), to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Common Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order to ensure that your Common Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as "non-objecting beneficial owners ("**NOBOs**"). Those non-registered holders who have objected to their Nominee disclosing ownership information about themselves to the Company are referred to as "objecting beneficial owners" ("**OBOs**").

The Company is not sending the Meeting materials directly to NOBOs in connection with the Meeting, but rather has distributed copies of the Meeting materials to the Nominees for distribution to NOBOs.

The Company intends to pay for Nominees to deliver the Meeting materials and Form 54-101F7 *Request for Voting Instructions Made by Intermediary* to OBOs.

NOTICE-AND-ACCESS

The Company is sending this Information Circular to shareholders using notice-and-access as permitted by National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* and

NI 51-102 *Continuous Disclosure Obligations*. The Meeting materials, including this Information Circular, are available on the Company's website at <https://www.westerncopperandgold.com/events/agm-2022/> and will remain on the website for at least one full year from the date that the Meeting materials are posted on SEDAR. The Meeting materials are also available under the Company's profile on SEDAR at www.sedar.com.

The Company will not use procedures known as "stratification" in relation to its use of the notice-and-access provisions in relation to the Meeting. Stratification occurs when a reporting issuer using notice-and-access provides a paper copy of the relevant information circular to some, but not all, shareholders with the notice package in relation to the relevant meeting. Shareholders will receive a Notice-and-Access Notification and a form of proxy or voting instruction form and may choose to receive a printed paper copy of the Information Circular.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his or her attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-registered holders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective Nominees to revoke the proxy on their behalf.**

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as set out herein, no person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year, no proposed nominee of management of the Company for election as a director of the Company and no associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company is authorized to issue an unlimited number of Common Shares without par value, of which 151,517,791 Common Shares are issued and outstanding as of May 6, 2022. In connection with the strategic investment by Rio Tinto Canada Inc. ("**Rio Tinto**") completed in May 2021, resulting in Rio Tinto owning approximately 8% of the issued and outstanding Common Shares, the Company and Rio Tinto entered into an investor rights agreement, whereby, Rio Tinto has certain rights, including the right to appoint (a) one non-voting observer to attend all meetings of the Board until the earlier of (i) Rio Tinto's ownership falling below 5.0%, and (ii) November 28, 2022; and (b) one director of the Company, if Rio Tinto's ownership increases to at least 12.5% before November 28, 2022. Rio Tinto has a one-time right to extend the above dates until November 28, 2023.

Rio Tinto also has (a) the right to participate in future equity issuances to maintain its ownership in the Company until the earlier of (i) Rio Tinto's ownership falling below 5.0%, and (ii) May 28, 2023; (b) a one-time "demand registration right" until the earlier of (i) Rio Tinto's ownership falling below 8.0%, and (ii) May 28, 2023; and (c) "piggy-back registration rights" until the earlier of (i) Rio Tinto's ownership falling below 8.0%, and (ii) May 28, 2023. Rio Tinto has a one-time right to extend the above dates until May 28, 2024.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Western is an exploration and development company directly engaged in advancing its Casino Project to production. The Casino deposit holds significant copper, gold, and molybdenum resources. It is located in Yukon, Canada.

The Company operates in an industry where there is a competitive environment for qualified individuals. To be successful, Western must offer compensation that is competitive with other companies of similar size and structure. Due to its small size and early stage of development (i.e. exploration and development), Western’s process for determining executive compensation is relatively simple. The Company’s compensation program is not based on specific criteria or formal objectives. The Board relies primarily on internal discussion to set salary levels and determine discretionary awards. The performance indicators used to assess executive officers are less structured than they might be in larger operating companies. The Board believes that this process is appropriate given the Company’s size and stage of development.

Role of the Compensation Committee

The Compensation Committee is appointed by the Board to assist the Board in fulfilling its responsibility to shareholders by reviewing and providing recommendations to the Board relating to human resource and compensation issues, including benefit plans. To determine compensation payable, including stock options and other rights, the Compensation Committee relies on its knowledge of compensation levels of directors,

CEOs, and other senior management positions of companies of similar size and stage of development in the mineral exploration industry. When setting compensation, the Compensation Committee's goal is to provide sufficient compensation to attract and retain directors and senior management while taking into account the financial and other resources of the Company.

The Compensation Committee is comprised of four independent directors who meet at least twice annually. One or more of these meetings may occur within regular Board meetings. Klaus Zeitler, the Chair of the Compensation Committee, has served on the committee since June 2007. Michael Vitton, Bill Williams and Kenneth Williamson were appointed to the Compensation Committee on March 25, 2021. Each of these members has extensive experience in executive compensation through their current and previous roles as directors and/or officers of other companies. The Board believes that the Compensation Committee collectively has the knowledge, experience and background required to fulfill its mandate.

The members of the Compensation Committee have the following skills and experience that enable them to make decisions on the suitability of the Company's compensation policies and practices:

- Klaus Zeitler – Dr. Zeitler has significant experience managing mining and mineral exploration companies as an executive and as a director. In these roles, Dr. Zeitler has been responsible for the overall management of the companies, including the management of their human resources.
- Michael Vitton – Mr. Vitton has been a director of numerous publicly-traded mining and mineral exploration companies and held executive roles at investment banks. In these roles, he has gained significant experience, including overseeing the management of executive compensation and human resources.
- Bill Williams – Dr. Williams has been a director of numerous publicly-traded mining companies. He has considerable background in overseeing management of human resource and executive compensation.
- Kenneth Williamson – Mr. Williamson has been a director of various publicly-traded companies focused on natural resources and mining developments. All of these activities required him to review, manage and understand compensation-related matters.

Compensation Consultants

Since the Company's most recently completed financial year, no compensation consultant or advisor has been retained to assist the Board or the Compensation Committee in determining compensation for any of the Company's directors or executive officers. On April 26, 2021, the Compensation Committee retained Bedford Resources, Inc. ("**Bedford**") to review the appropriateness of the Company's compensation practices and make recommendations with respect to compensation for executive officers and directors. Partially as a result of recommendations made by Bedford, the Compensation Committee determined that the Company's CEO and CFO were under-compensated and, therefore, recommended increasing their base salaries effective July 1, 2021. During the financial year ended December 31, 2021, the fees billed by Bedford were \$27,120 and, during the financial year ended December 31, 2020, the Company paid fees to another compensation consultant in the amount of \$11,700.

Role of the Executive Officers

The executive officers of the Company do not play a role in determining executive compensation. The Compensation Committee makes recommendations to the Board regarding executive officer base salary adjustments, bonuses, and stock-based compensation grants.

Objectives and Overview of the Compensation Program

The objective of the Company's compensation program is to attract, retain, and motivate performance of members of senior management of a quality and nature that will enhance the growth and overall long-term value of the Company.

The following executive compensation principles guide the Company's overall compensation:

- compensation levels should be sufficiently competitive to facilitate recruitment and retention of experienced high caliber executives in the competitive mining industry, while being fair and reasonable to shareholders;
- the compensation program should align executives' long-term financial interests with those of the Company's shareholders by providing equity-based incentives; and
- compensation should be transparent so that both executives and shareholders understand the executive compensation program.

Elements of Executive Compensation

During the financial year ended December 31, 2021, Western's executive compensation program consisted of the following elements:

- base salaries;
- bonuses;
- stock options;
- restricted share units; and
- other compensation, including perquisites such as medical benefits.

Western's strategy is to provide an overall competitive compensation package. The Company believes that to be competitive in its industry, an executive compensation package must consist of the above-noted elements. The specific rationale and design of each of these elements are outlined in detail below.

For the remainder of this Compensation Discussion and Analysis, the individuals included in the Summary Compensation Table, below, are referred to as the "**Named Executive Officers**" or "**NEOs**".

Base Salaries

Base salaries are a key element of the Company's compensation package because they are the first base measure for comparison relative to peer groups. Salaries are fixed and are used as the base to determine other elements of compensation and benefits.

The Board establishes salary levels based on what it determines to be competitive relative to the responsibilities associated with each position and its knowledge of comparable positions within the industry. No formal benchmarking is performed.

Bonuses

Bonuses are a variable element of compensation designed to reward the Named Executive Officers for contributing to the overall value of the Company. Bonuses are at the discretion of the Board. The Board determines bonus awards through internal discussion, taking into account the overall performance of each NEO during the year and general market conditions.

A total of \$286,000 was awarded in bonuses to NEOs during the financial year ended December 31, 2021. The Company awarded an aggregate of \$79,890 bonuses to its NEOs during the financial year ended December 31, 2020.

Stock Options

Stock options are a variable and discretionary element of compensation intended to reward the NEOs for their contribution towards the Company's sustained growth and increases in the Company's share price.

The Stock Option Plan (as defined below) has been and will be used to provide stock options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the long-term operating performance of the Company. In determining the number of stock options to be granted to the Named Executive Officers, the Board takes into account the number of stock options, if any, previously granted to each Named Executive Officer, and the exercise price of any outstanding stock options to closely align the interests of the Named Executive Officers with the interests of shareholders and to ensure that such grants are in accordance with the policies of the Toronto Stock Exchange (the "TSX"). The two-year vesting period of stock option awards ensures that executives have the incentive to increase the price of the Common Shares over a reasonable period of time.

The Company granted an aggregate of 215,000 stock options to its NEOs during the financial year ended December 31, 2021. The Company granted an aggregate of 850,000 stock options to its NEOs during the financial year ended December 31, 2020. Refer to the Summary Compensation Table herein for the value of stock options granted to the Named Executive Officers for the three most recently completed financial years of the Company.

Restricted Share Units

The Company implemented a restricted share unit plan (the "**RSU Plan**" or the "**Restricted Share Unit Plan**") effective June 17, 2021. See below under "Deferred Share Unit Plan" for further details.

Restricted share units ("**RSUs**") granted under the RSU Plan are a variable and discretionary element of security based compensation arrangements aimed to reward the NEOs for their contribution towards the Company's continuous development for the purpose of advancing the interests of the Company through the motivation, attraction and retention of the NEOs and to secure the benefits inherent in the ownership of Common Shares by the NEOs.

The Company granted an aggregate of 173,500 RSUs to its NEOs during the financial year ended December 31, 2021. The RSUs will become Common Shares upon vesting on a one-for-one basis in consideration for past performance beginning with one-third vesting one year from the date of grant, one-third vesting eighteen months from the date of grant, and the final one-third vesting two years from the date of grant. Refer to the Summary Compensation Table herein for the value of RSUs granted to the Named Executive Officers for the most recently completed financial year of the Company.

Other Compensation/Perquisites

The Company's executive employee benefit program may include benefits such as life, medical, dental and disability insurance, and parking privileges. Such benefits and perquisites are designed to be competitive with equivalent positions in comparable organizations in Canada.

Compensation Risk

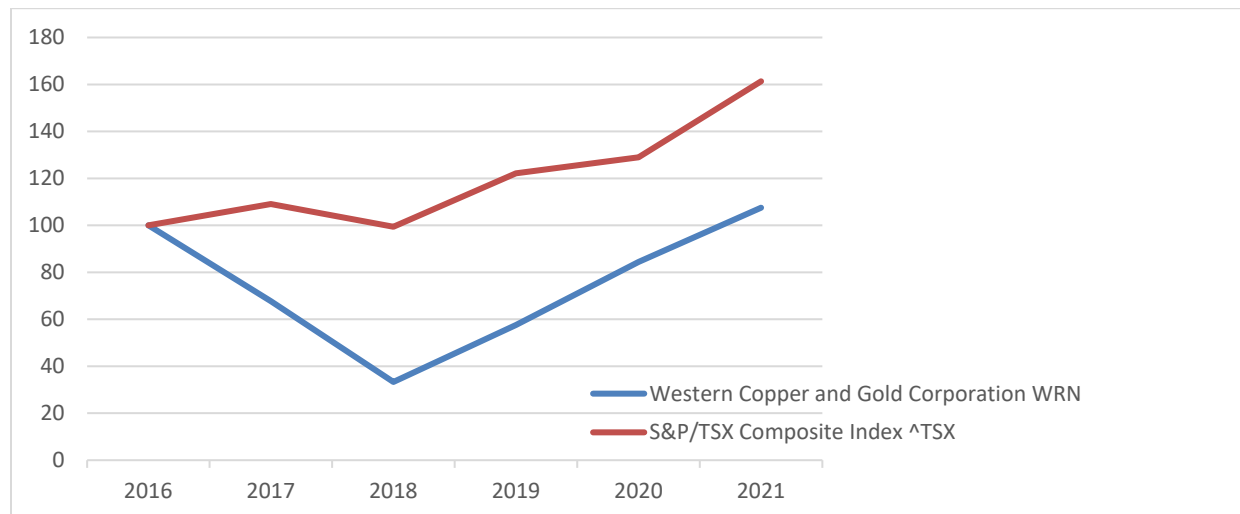

The Board and its committees have not conducted an evaluation of the implications of the risks associated with the Company's compensation policies and practices.

Hedging of Economic Risks in the Company's Securities

The Company has not adopted a policy to prohibit NEOs and directors from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by any NEO or director.

Performance Graph

The following performance graph illustrates the Company's cumulative total shareholder return over the five most recently completed financial years compared to the return on a comparable investment in the S&P/TSX Composite Index, assuming an initial investment of \$100.

The price of the Common Shares has been more volatile than the S&P/TSX Composite Index over the five year period ended December 31, 2021. A significant portion of NEO compensation is in the form of stock options. This form of compensation is tied directly to the price of the Common Shares. NEOs only realize compensation from stock options when the price of the Common Shares appreciates. Compensation from stock option exercises has fluctuated significantly depending on the price of the Common Shares at the time of exercise and the underlying stock option exercise price. Changes to NEO salaries are set out in the "Summary Compensation Table" below.

SUMMARY COMPENSATION TABLE

The following table (presented in accordance with Form 51-102F6 *Statement of Executive Compensation*) sets forth all annual and long-term compensation for services in all capacities to the Company for the three most recently completed financial years of the Company in respect of each Named Executive Officer.

The value vested or earned during the most recently completed financial year of option-based and share-based incentive plan awards granted to Named Executive Officers are as follows:

The following table provides details regarding the estimated incremental payments from the Company to each of the Named Executive Officers upon termination without cause assuming that the date of termination was December 31, 2021.

Name	Severance Period	Base Salary	Bonus Value	Benefits Obligation	Total Incremental Payment
Paul West-Sells President and CEO	24 months	\$720,000	\$187,500	\$36,000	\$943,500
Varun Prasad CFO	16 months	\$233,328	\$48,000	\$16,000	\$297,328

Shena Shaw VP Environmental and Community Affairs	6 months	\$92,502	\$4,750	\$5,000	\$102,252

Change of Control

Each of Dr. West-Sells, Mr. Prasad and Mr. Brown have provisions in their respective employment agreements such that, if a Change of Control (as defined below) occurs and within the 12-month period immediately following the Change of Control he is terminated by the Company without just cause or he resigns (with one month's notice to the Company), then certain payments must be made by the Company to the affected NEO and any stock options held by him at the time of termination or resignation will fully vest, if not already vested, and will be exercisable by him following such termination or resignation until the earlier of their normal expiry under the terms of the plan under which they were granted and the respective severance periods.

Ms. Shaw has a similar provision in her employment agreement, however, her agreement provides that the Change of Control entitlement is only triggered if a Change of Control occurs and, within the 12-month period immediately following the Change of Control, her employment is terminated by the Company without just cause or she resigns for "Good Reason". "Good Reason" is defined in her employment agreement as: (i) any material adverse change or series of changes in the her title, responsibilities, authority status or reporting relationships; (ii) any material reduction in her base salary without her written agreement; (iii) the Company relocating or reassigning her to a work location that is more than 100 kilometres from the City of Whitehorse, except for required travel on Company business to an extent substantively consistent with her duties; or (iv) the assignment of her employment agreement to any entity that does not expressly agree to assume all of the Company's obligations to her under her employment agreement.

In the event of a termination by the Company without just cause or the resignation of a NEO within the 12-month period immediately following a Change of Control (or in Ms. Shaw’s case, her resignation for Good Reason), the West-Sells Severance Period increases to 36 months, whereas each of the Prasad Severance Period, the Brown Severance Period and the Shaw Severance Period increase to 24 months.

For the purposes of the employment agreements, a “Change of Control” means, in respect of the Company:

- (a) if, as a result of or in connection with the election of directors, the people who were directors (or who were entitled under a contractual arrangement to be directors) of the Company before the election cease to constitute a majority of the Board, unless the directors have been nominated by management or approved by a majority of the previously serving directors;
- (b) any transaction at any time and by whatever means pursuant to which any person or any group of two or more persons acting jointly or in concert as a single control group or any affiliate (other than a wholly-owned subsidiary of the Company or in connection with a reorganization of the Company) or any one or more directors thereof “beneficially owns” (as defined in the *Securities Act* (British Columbia)), directly or indirectly, or acquires the right to exercise control or direction over, voting securities of the Company representing more than 50% of the then issued and outstanding voting securities of the Company, as the case may be, in any manner whatsoever;
- (c) the sale, assignment, lease or other transfer or disposition of more than 50% of the assets of the Company to a person or any group of two or more persons acting jointly or in concert (other than a wholly-owned subsidiary of the Company or in connection with a reorganization of the Company); or
- (d) the occurrence of a transaction requiring approval of the Company’s shareholders whereby the Company is acquired through consolidation, merger, exchange of securities involving all of the Company’s voting securities, purchase of assets, amalgamation, statutory arrangement or otherwise by any person or any group of two or more persons acting jointly or in concert (other than a short-form amalgamation of the Company or an exchange of securities with a wholly-owned subsidiary of the Company or a reorganization of the Company).

The following table provides details regarding the estimated incremental payments from the Company to each of the Named Executive Officers upon a Change of Control assuming that a Change of Control occurred on December 31, 2021.

Name	Severance Period	Base Salary	Bonus Value	Benefits Obligation	Total Incremental Payment
Paul West-Sells President and CEO	36 months	\$1,080,000	\$281,250	\$54,000	\$1,415,250

The Company implemented the Deferred Share Unit Plan (as defined below) for non-employee directors effective June 17, 2021. See below under “Deferred Share Unit Plan” for further details. The Company granted an aggregate of 167,000 DSUs (as defined below) to directors during the financial year ended December 31, 2021.

	125,000	1.66	27-Jul-25	42,500	-	-	-

- (1) This amount is calculated based on the difference between the market value of the Common Shares underlying the options at the end of the most recently completed financial year, which was \$2.00, and the exercise price of the option.
- (2) Includes value of DSUs which have been granted to each director under the DSU Plan for services performed for the financial year ended December 31, 2021, calculated based on the \$2.00 closing price of the Common Shares on the TSX on December 31, 2021.
- (3) The DSUs have no exercise price. The DSUs vest immediately upon grant but are not redeemable until the director leaves the Board. Upon leaving the Board, the director is entitled to be paid cash consideration equal to the closing price of the Common Shares on the TSX times the number of DSUs held.

Value Vested or Earned During The Year

DSUs granted to the directors of the Company vest immediately upon grant but are not redeemable until the date on which the director ceases to provide services to the Company.

The value vested or earned during the most recently completed financial year of option-based and share-based incentive plan awards granted to directors are as follows:

Director	Option-Based Awards – Value Vested During The Year ⁽¹⁾ (\$)	Share-Based Awards – Value Vested During the Year ⁽²⁾ (\$)
Kenneth Williamson	144,667	128,760
Tara Christie	144,667	59,496
Michael Vitton	185,998	61,494
Bill Williams	33,333	59,496
Klaus Zeitler	82,000	61,494

- (1) This amount is calculated by obtaining the difference between the market price of the underlying Common Shares on the stock option vesting date and the exercise price of the options under the option-based award. If the exercise price of the options was greater than the market price on the vesting date, no value is ascribed to options.
- (2) These figures represent the total value vested in the DSUs held by the directors during the financial year ended December 31, 2021. Fair value of the DSUs were calculated by multiplying the number of granted DSUs by the market value of the underlying shares on the grant date.

EQUITY COMPENSATION PLANS

Stock Option Plan

The Company's stock option plan (the "**Stock Option Plan**") was last approved by shareholders on June 17, 2021.

The purpose of the Stock Option Plan is to attract and motivate directors, officers, employees of, and service providers to, the Company and its subsidiaries (collectively, the "**Optionees**") and thereby advance the Company's interests by affording such persons with an opportunity to acquire an equity interest in the Company through stock options.

The Stock Option Plan authorizes the Board (or Compensation Committee) to grant stock options to the Optionees on the following terms:

1. The number of Common Shares subject to stock options is determined by the Board (or the Compensation Committee) provided that the Stock Option Plan, together with all other previously established or proposed share compensation arrangements, may not result in:
 - a. the number of Common Shares issuable to insiders exceeding 10% of the Common Shares then outstanding;

- b. the number of Common Shares issued to insiders within a one year period exceeding 10% of the Common Shares then outstanding;
 - c. the number of Common Shares issued to any one insider and such insider's associates pursuant to the exercise of stock options within a one year period exceeding 5% of the Common Shares then outstanding; and
 - d. the number of Common Shares reserved for issuance to any one Optionee exceeding 5% of the Common Shares then outstanding.
2. The outstanding issue is determined on the basis of the number of Common Shares outstanding immediately prior to any share issuance, excluding Common Shares issued pursuant to share compensation arrangements over the preceding one-year period.
3. The maximum number of Common Shares which may be issued pursuant to stock options granted under the Stock Option Plan, unless otherwise approved by shareholders, is 10% of the issued and outstanding Common Shares at the time of the grant. Any increase in the issued and outstanding Common Shares will result in an increase in the available number of Common Shares issuable under the Stock Option Plan, and any exercises of stock options will make new grants available under the Stock Option Plan.
4. The Stock Option Plan must be approved and ratified by shareholders every three years.
5. The exercise price of a stock option may not be set at less than the closing price of the Common Shares on the TSX on the trading day immediately preceding the date of grant of the option. The exercise price of each stock option is set by the Board and is typically based on the market price of the Common Shares or a premium thereon which the Board considers appropriate in the circumstances.
6. The stock options may be exercisable for a period of up to ten years, such period and any vesting schedule to be determined by the Board (or Compensation Committee). The expiry date of a stock option is the later of:
 - a. a specified expiry date; and
 - b. where a black-out period is self-imposed by the Company and the specified expiry date falls within, or immediately after, the black-out period, the date that is 10 business days after the black-out period is lifted.

Should a stock option expire immediately after a black-out period self-imposed by the Company, the black-out expiration term of 10 business days will be reduced by the number of days between the option expiry date and the end of the black-out period.
7. Stock options are non-assignable other than pursuant to a will or by the laws of descent and distribution.
8. Stock options can be exercised by the Optionee as long as the Optionee is a director, officer, employee or service provider to the Company or its subsidiaries.
 - a. If an individual ceases to be an Optionee for any reason other than for cause or by virtue of death, any Stock option held by such Optionee shall remain exercisable for a period of 30 days after the date on which the Optionee ceases to be a Participant (as defined in the Stock Option Plan) or until the original expiry date of the stock option, whichever is sooner, and then only to the extent that such Optionee was entitled to exercise the stock options at such time, subject to the provisions of any employment contract.

Deferred Share Unit Plan

The Company implemented the DSU Plan for non-employee directors on June 17, 2021, following approval by the Board and receipt of shareholder and TSX approval.

The purpose of the DSU Plan is to strengthen the alignment of interests between the Company’s non-employee directors (“**Eligible Directors**”) and the Company’s shareholders by linking a portion or all of the annual director compensation to the future value of the Common Shares. In addition, the DSU Plan is intended to advance the interests of the Company through the attraction, retention and motivation of directors of the Company, it being generally recognized that deferred share unit plans aid in attracting, retaining and motivating director commitment and performance due to the opportunity offered to them to receive compensation in line with the value of a company’s shares.

The DSU Plan is administered by the Board or a committee of the Board and such committee has full discretionary authority to administer the DSU Plan, including the authority to interpret and construe any provision of the DSU Plan and to adopt, amend and rescind such rules and regulations for administering the DSU Plan as such committee may deem necessary in order to comply with the requirements of the DSU Plan.

Deferred share units (“**DSUs**”) may be granted (i) at any time on a discretionary basis, or (ii) quarterly in lieu of a portion of the annual compensation payable to Eligible Directors, excluding amounts received as reimbursement for expenses incurred in attending meetings of the Board (the “**Director’s Remuneration**”). Eligible Directors to which DSUs have been issued are referred to herein as “**DSU Participants**”.

The committee will grant and issue to each Eligible Director on each issue date, as determined by the committee (a “**DSU Issue Date**”), the aggregate of:

- (a) that number of DSUs having a value (such value being the “**Mandatory Entitlement**”) equal to the percentage or portion of the Director’s Remuneration payable to such Eligible Director for the current quarter as determined by the Board at the time of determination of the Director’s Remuneration; and
- (b) that number of DSUs having a value (such value being the “**Elective Entitlement**”) equal to the percentage or portion of the Director’s Remuneration which is not payable to such Eligible Director for the current quarter pursuant to paragraph (a) as determined by the Eligible Director.

The aggregate number of DSUs under paragraphs (a) and (b) will be calculated based on the sum of an Eligible Director’s Mandatory Entitlement and Elective Entitlement (collectively, the “**Entitlement**”) and the number of DSUs to be granted to an Eligible Director will be determined by dividing the Entitlement by the Market Value (as defined in the DSU Plan) on the business day immediately preceding the DSU Issue Date.

Each vested DSU held by a DSU Participant who ceases to be an Eligible Director will be redeemed by the Company on the relevant date the DSU Participant ceases to be an Eligible Director (the “**Separation Date**”) for, subject to adjustments in certain events, the issuance of one Common Share for each DSU, or a cash payment by the Company equal to the Market Value (as defined in the DSU Plan) of a Common Share on the Separation Date in the sole discretion of the Company, to be made to the DSU Participant on such date as the Company determines not later than 60 days after the Separation Date.

An Eligible Director will have the right to elect in each calendar year the manner in which the Eligible Director wishes to receive the Director’s Remuneration (i.e. the Elective Entitlement), other than the portion fixed by the Board (i.e. the Mandatory Entitlement) in accordance with paragraph (a) (whether in cash, DSUs or a combination thereof) by completing an election form: (i) in the case of a current director, by December 31 of such calendar year with such election to apply in respect of the following calendar year; or (ii) in the case of a new director, within 30 days after the director’s first election or appointment to the Board with such election to apply in respect of the calendar year in which such director was elected or appointed to the Board. The Board may, from time to time, set such limits on the manner in which DSU Participants may receive their Director’s Remuneration and every election made by a DSU Participant is subject to such limits once they are set.

The Eligible Director will be entitled to select a date to receive settlement for all or a portion of his or her DSUs on any date following the Separation Date (the “**Settlement Date**”), but no later than December 15 of the calendar year following such Separation Date (the “**Outside Settlement Date**”). Such settlement election must be made by completing a redemption notice. On the Settlement Date, Western can either: (a) deliver the payment in respect of the number of DSUs to be settled on the Settlement Date in the form of Common Shares; (b) pay a lump sum cash payment in respect of the number of DSUs to be settled on the Settlement Date; or (c) any combination of the foregoing. The default, in the absence of a redemption notice being delivered, is that the Settlement Date will be December 15 of the calendar year following the Separation Date.

The maximum number of Common Shares issuable from treasury by the Company under the DSU Plan, together with all of the Company’s other security based compensation arrangements (i.e. the Stock Option Plan and the RSU Plan), is 10% (on a rolling basis) of the Company’s issued and outstanding Common Shares from time to time. The maximum number of Common Shares issuable to insiders, at any time, under the DSU Plan, together with any other security based compensation arrangements of the Company, is 10% of the Common Shares then issued and outstanding. The maximum number of Common Shares issued to insiders, within any one-year period, under the DSU Plan, together with any other security based compensation arrangements of the Company, is 10% of the Common Shares then issued and outstanding.

The maximum value of DSUs which may be granted to each Eligible Director, together with all security based compensation arrangements of the Company, shall not exceed \$150,000 in any one-year period, other than any DSUs or other securities granted to a non-employee director that is granted in lieu of any director cash fee.

DSUs are not assignable or transferable.

In the event that a dividend (other than a stock dividend) is declared and paid by the Company on the Common Shares, a DSU Participant will be credited with additional DSUs in accordance with the DSU Plan. In such case, the number of additional DSUs will be equal to the aggregate amount of dividends that would have been paid to the participant if the DSUs in the participant's account on the record date had been Common Shares divided by the Market Value (as defined in the DSU Plan) on the date on which dividends were paid by the Company.

The Board may, from time to time, in its discretion (without shareholder approval) amend, modify and change the provisions of the DSU Plan, except however that any amendment, modification or change to the provisions of the DSU Plan which would:

- (a) increase the number of Common Shares or maximum percentage of Common Shares which may be issued pursuant to the DSU Plan, other than as a result of anti-dilution provisions;
- (b) reduce the range of amendments requiring shareholder approval contemplated in the DSU Plan;
- (c) permit DSUs to be transferred other than for normal estate settlement purposes;
- (d) change insider participation limits which would result in shareholder approval to be required on a disinterested basis; or
- (e) increase the non-employee director participation limits,

will only be effective upon such amendment, modification or change being approved by the shareholders of the Company. In addition, any such amendment, modification or change of any provision of the DSU Plan will be subject to the approval, if required, by any regulatory authority having jurisdiction over the securities of the Company.

Restricted Share Unit Plan

The Company implemented the RSU Plan effective June 17, 2021, following approval by the Board and receipt of shareholder and TSX approval.

The purpose of the RSU Plan is to advance the interests of the Company through the attraction, retention and motivation of officers, employees, consultants and directors of the Company and to secure for the Company and the shareholders of the Company the benefits inherent in the ownership of Common Shares by key officers, employees, consultants and directors of the Company, it being generally recognized that restricted share plans aid in attracting, retaining and motivating officers, employees, consultants and directors due to the opportunity offered to them to acquire a proprietary interest a company's shares.

The RSU Plan is administered by the Board or a committee of the Board and such committee has full authority to administer the RSU Plan, including the authority to interpret and construe any provision of the RSU Plan and to adopt, amend and rescind such rules and regulations for administering the RSU Plan as such committee

may deem necessary in order to comply with the requirements of the RSU Plan.

Under the RSU Plan, eligible participants will be issued RSUs from time to time that each represent the right to receive, subject to adjustments in certain circumstances, one Common Share in consideration for past performance upon expiry of an applicable restricted period. Each grant of RSUs will be reflected in a letter agreement that sets out the applicable restricted period (i.e. vesting period) for those RSUs, as determined by the committee; provided, however, that in no event shall the expiry date of the restricted period and settlement of RSUs be later than December 15 of the third calendar year following the calendar year in which the services were performed in respect of the corresponding RSUs granted or such later date as may be permitted under paragraph (k) of the definition of “salary deferral arrangement” in subsection 248(1) of the *Income Tax Act* (Canada), as amended from time to time, or other applicable provisions thereof, so as to ensure that the Plan is not considered to be a “salary deferral arrangement” for purposes of the *Income Tax Act* (Canada).

RSUs may be satisfied by the issuance of Common Shares from treasury or by the payment of cash equal to the Market Value (as defined in the RSU Plan). In circumstances where the insider participation limits have been exceeded, the Company will pay to the relevant insider in cash.

The maximum number of Common Shares issuable from treasury by the Company under the RSU Plan, together with all of the Company’s other security based compensation arrangements (i.e. the Stock Option Plan and the DSU Plan), is 10% (on a rolling basis) of the Company’s issued and outstanding Common Shares from time to time. The maximum number of Common Shares issuable to insiders, at any time, under the RSU Plan, together with any other security based compensation arrangements of the Company, is 10% of the Common Shares then issued and outstanding. The maximum number of Common Shares issued to insiders, within any one-year period, under the RSU Plan, together with any other security based compensation arrangements of the Company, is 10% of the Common Shares then issued and outstanding.

The maximum value of RSUs which may be granted to a non-employee director, together with all security based compensation arrangements of the Company, shall not exceed \$150,000 in any one-year period, other than any RSUs or other securities granted to a non-employee director that is granted in lieu of any director cash fee.

Upon the termination or resignation of an eligible participant, RSUs of the participant that were subject to a restricted period would terminate without settlement for Common Shares, except as explicitly provided otherwise by the committee. In the event of death or disability, a participant’s RSUs will automatically vest.

In the event of (i) a change of control (as defined in the RSU Plan), and (ii) within 12 months of such change of control the participant is terminated or otherwise subject to a Triggering Event (as defined in the RSU Plan), then all RSUs outstanding of such participant shall immediately vest on the date of such termination/resignation notwithstanding the restricted period.

RSUs are not assignable or transferable.

In the event that a cash dividend is paid to shareholders of the Company on the Common Shares while an RSU is outstanding, the committee may, in its sole discretion, elect to credit each participant with additional RSUs. In such case, the number of additional RSUs will be equal to the aggregate amount of dividends that would have been paid to the participant if the RSUs in the participant’s account on the record date had been Common Shares divided by the Market Value (as defined in the RSU Plan) on the date on which dividends were paid by the Company.

The Board may, from time to time, in its discretion (without shareholder approval) amend, modify and change the provisions of the RSU Plan, except however that any amendment, modification or change to the provisions

of the RSU Plan which would:

- (a) increase the number of Common Shares or maximum percentage of Common Shares which may be issued pursuant to the RSU Plan, other than as a result of anti-dilution provisions;
- (b) reduce the range of amendments requiring shareholder approval contemplated in the RSU Plan;
- (c) permit RSUs to be transferred other than for normal estate settlement purposes;
- (d) change insider participation limits which would result in shareholder approval being required on a disinterested basis; and
- (e) increase the non-employee director participation limits,

shall only be effective on such amendment, modification or change being approved by the shareholders of the Company. In addition, any such amendment, modification or change of any provision of the RSU Plan shall be subject to the approval, if required, by any stock exchange having jurisdiction over the securities of the Company.
